ASSEMBLY INSTRUCTIONS

OPTIONAL ACCESSORIES

## Minifile System Couple of closure heads for ceiling/suspension profile with diffuser

code LTM049P/01

couple oF heads for ceiling/suspension profile with diffuser

Linear joint couple

code LTM211

Modular system of 30X30 mm single and bi-emission extruded aluminium profiles, for recessed, ceiling and suspension installation, with LED linear sources and 230/240V electronic ballasts. Its dimensions make it suitable for installation on radiant ceilings by means of appropriate bracket. Painted finish. Diffuser screens in opal polycarbonate and side closing heads with Light Proof system. Degree of protection IP20/ IP40.
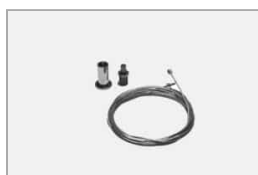

Fifty5 System Steel suspension kit
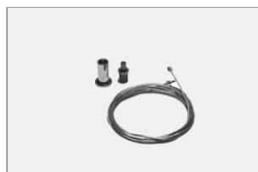

code LTM047.4000

single steel suspension kit l.2000mm. one every 1,5 mt, 2 pieces minimun

code LTM047

single steel suspension kit l.2000mm. one every 1,5 mt, 2 pieces minimun

Fifty5 System Power cable kit with ceiling canopy

code LTM048.3/01

l.2000 mm

code LTM048.4/01

l.2000 mm

code LTM048.5/01

l.2000 mm

Complies with EN605981 and related notes. In the absence of metric symbols, the measurements are all in millimetres.
Luminous flux and power data are initially subject to tolerances +/- 10%. The values refer to an ambient temperature of 25°C unless otherwise specified.
We reserve the right to make changes to our products at any time.

Minifile System Opal white polycarbonate diffuser

code LTM044.1000

Modular system for direct, diffused, accent or wallwasher, made of 62x32 mm painted or anodised extruded aluminium empty profiles, available in predefined lengths or cut to measure. Available in wall-mounted, ceiling-mounted, suspended, trimless recessed or recessed with super-slim 5 mm. width edge trim versions. To be integrated with linear LED sources, LED spotlights, complete with 50/60 Hz 230/240 V electronic power supply. To be completed with Light Proof system side end caps, opal white polycarbonate diffusing screen, quick mounting extruded aluminium shapers (for linear LEDs and spotlight LEDs) or closing profiles, available in predefined lengths or cut to measure, and mounting brackets or suspension cables. IP20 or IP40 protection degree depending on the selected lighting combinations.

code FM6.1000/01

*Through this code you can order the profile in a non-standard linear length. Replace the word "measure" with the desired length in mm. To order a profile with one or both ends cut at a 45 º angle, add to the measure the letter "D" (Right cut) or "S" (Left cut). Follow the instructions on p. 652. For profiles over 3 meters and maximum 6 meters the transport conditions are to be agreed.
