

## LED line 5 meters roll - IP20

code ST05.40D.misura

### PRODUCT DESCRIPTION

High efficiency led strip with double-sided adhesive and 8 mm wide support on 5 meters coil, to be powered with 24vdc voltage stabilized drivers. Degree of protection IP20. Insulation class III

### PRODUCT SPECS

|                              |                              |
|------------------------------|------------------------------|
| Installation method          | system                       |
| Absorbed power               | 5,5 W                        |
| Color temperature            | 4000K                        |
| Color rendering index CRI    | 80                           |
| Luminous flux of the product | 1350 lm                      |
| Luminous efficiency          | 49 lm/W                      |
| Protocol                     | Dimmerabile Dali /Push Dimm. |
| Weight                       | 0.40 Lbs                     |
| Dimension                    | L196.85xW0.31"               |
| IP Grade                     | IP20                         |
| Power supply/Transformer     | Not included                 |
| Protocol                     | See power supply             |
