

Twenty 7 minimal adjustable 5 - conical elliptical cover 17/24,3/32W

code TW112.9TWW/01

PRODUCT DESCRIPTION

Twenty 7 is an innovative programme of professional chip on board LED recessed downlighters and spotlights, conceived to offer the lighting designer a really wide tools set, based on a limited number of fixture bodies. The range allows, in fact, to obtain 27 different lighting effects, by simply adding a set of accessories to only 3 recessed fixture bodies, available with or without trim. The choice ranges from classic recessed downlighter, to recessed directional spotlight, to recessed directional and extractable spotlight. You can chose among accent lighting, diffused or low luminance lighting and asymmetrical lighting, thanks to the easy tool-free installation of conic-shaped covers. A complete set of professional lenses, satin, microprismatic, transparent and Fresnel, honeycomb grid and lower closure covers complete the range, born to be used in any environment type, retail, office and residential.

PRODUCT SPECS

Installation method	Trimless recessed
